This is a brief summary of our September 9 meeting:

1) I reported on our efforts over the summer to provide our input to the ANC on the Mayor's initiatives to promote social distancing. I noted that there have not been any "sidewalk extensions" in our ANC, despite our detailed suggestions to DDOT. Regarding the Slow Streets initiative, several have been implemented in our ANC. Committee members discussed the potential need for additional safety measures on those streets, and the potential need to reach out to DDOT regarding additional Slow Streets in our ANC. Several members also noted safety issues on the section of Davenport Street leading to Broad Branch Road and Rock Creek Park.

2) David Cristeal and I reported on the ongoing study of Connecticut Avenue by DDOT. DDOT will schedule a community-wide meeting in October. Regarding the study, several committee members suggested that there might be a need for additional environmental information depending on alternatives chosen. Andrea Molod described a potential effort to collect environmental information. The committee may be asked to comment on that idea later, in anticipation of potential ANC discussion/action.

3) John Rollins reported on ongoing efforts to make progress with DDOT regarding missing sidewalks in our ANC. These were identified as a result of our comprehensive survey of street and sidewalk conditions in 2017-2018. John and other committee members will continue to work with DDOT on this issue.

4) Finally, we discussed the need to confirm committee membership and participation. I will send an email to all members on that topic next week.

Thank you. Our next meeting is the second Wednesday of October, which is the 14th, at 7 pm.

To the ANC 3F Streets and Sidewalks Committee:

I hope you are all doing well. I am sending information about our September meeting, on Wednesday, September 9th from 7 - 8 pm. Information to participate on Zoom is below

The agenda will include:

- 1) update on recent initiatives to promote social distancing on ANC 3F sidewalks (including "Slow Streets")
- 2) update on the Connecticut Avenue traffic and safety study (see attached presentation by DDOT to our ANC in July)
- 3) ANC 3F resolution on related topics and potential role for this committee (see attached resolution)
- 4) other topics committee members may suggest

I look forward to seeing you on the 9th.

Bob Deyling, Chair
